Dear Supporter,

You will align your brand with the best in the field of public health nursing while engaging **over 300** public health professionals, including nurses, nursing educators, and other partners whose focus is on population health.

The Association of Public Health Nurses is a **501(c) (3)** organization, aiming *“to shape the role of public health nursing within the specialty of population health and to educate and advocate for policies and practices that advance the practice of public health nursing to promote the public's health.”* In addition to a rich history, APHN's strength lies in partnership with thousands of nurses and partners in public health and population work at the local, state, and national levels, and draws upon these relationships to communicate with a broad membership.

APHN is an affiliate of the Association of State and Territorial Health Officials (ASTHO) and the National Association of City and County Health Officials (NACCHO). APHN is also an active partner in the Quad Council of Public Health Nursing Organizations.

APHN's vision is healthy communities through excellence in public health nursing practice and leadership. APHN's members are actively engaged in local, state, and national collaborative partnerships that promote and improve the public's health.

We rely on the partnerships from sponsors like you to bring a robust, educational experience to our annual conference. Please review the various packages available below and do not hesitate to reach out using the contact information below if you have any questions or would like to request any customizations to a sponsor level before making a decision.
